Honeymoons

We established Feel Good Holidays in 2006, after many years of extensive travel. Our contacts and experience gave us what we needed to turn a good travel experience into an unforgettable one for our discerning clients.

Our core value as a company is that we do not recommend a resort that has not been endorsed. Having first-hand knowledge gives us the unique ability to recommend the right resort to suit your own personal preferences.

There is no question that all the places we deal with offer the “feel good” factor we look for in a resort. But they also all offer something special and different, depending on taste, style and budget. Simply tell us what you want - and we will recommend the perfect resort for you.

Choosing Feel Good Holidays to arrange your travel experience will save you valuable time. You will enjoy the highest levels of personal service, receive impartial top quality advice and be given all the time you need to refine your choice and make a decision. What’s more, because we are able to purchase all aspects of your holiday at wholesale rates – you can get all this free expertise without paying any more than you would by doing it yourself online.

“

Feel Good Holidays were fantastic! They organised our dream honeymoon from start to finish. The level of personal service, client relations, attention to detail and organisation far surpassed our best expectations. We would definitely use them again and could not recommend them more highly.

tailor-made service

Companies often talk about how great their customer service is, but few are able to explain what they mean by this. At Feel Good Holidays, we always go the extra mile to make sure that every single client enjoys a travel experience that has been tailor-made to perfection.

Tailor-made is an overused term which some travel companies deem to mean offering no more than a choice of departure date and trip duration. To us, this is the most basic level of tailoring imaginable.

- Imagine being met off your plane and whisked into a private lounge before jumping on board your private boat transfer...
- Imagine a 14-day tour with every whim taken care of, and with the freedom to change your itinerary on the spot...
- Imagine not having to think about logistics at all... We'll pick you up from your doorstep - everything will be taken care of until we drop you back at exactly the same spot we picked you up from.

If you wish to enjoy a different class of travel, why not give the team at Feel Good Holidays a call?

We very much look forward to showing you what we can do.

That being said, there are two distinct accommodation flavours, with the Crusoe Villas having the most rustic feel - and to add to the authenticity of a Robinson Crusoe ambience, you will be assigned your very own Girl/Man Friday to take care of your every whim. With its own herb and vegetable patch on the island, and a sea teeming with fresh fish and seafood that is line caught daily, the cuisine is as exciting as it is healthy and there are nine places where you can choose to dine.
